

# My Portfolio

# about *me*

Hi, I'm Syahrina Musyarafah

## Education

Universitas Bina Sarana Informatika

Bachelor of Science in Information Technology (6th semester)

GPA: (3.81/4.00)

Relevant Courses: Systems Analysis, Cybersecurity, Enterprise Architecture.

A committed student in the 6th semester of Information Technology at Universitas Bina Sarana Informatika who shows a keen interest in System Analysis and Development. At present, I am managing academic success alongside gaining practical work experience, which has refined my abilities in time management and tackling problems. As an engaged participant in the Karate Student Club, I apply a strong sense of discipline and determination to each project I address. I am enthusiastic about applying my technical expertise and proactive attitude in a professional internship position.

# my. experience

*freelance*

**Event Crew & Coordinator Learning Box Consulting**  
**Client : Ministry of Religious Affairs (Kemenag RI)**

2024-2025

1. National Event Management: Played a key role in the effective realization of major governmental gatherings, such as the Pusaka Superapps Launch and the 78th and 79th Anniversary of the Ministry (Hari Amal Bakti).
2. Logistics & Operations: Supported on-site registration processes, arranged logistical frameworks, and collaborated with vendors and ministry representatives to maintain official guidelines.
3. Crowd & Transportation Control: Supervised participant lists and managed transportation boarding for the Mudik Kemenag 2025 initiative, ensuring a seamless exit for thousands of attendees.
4. Team Collaboration: Coordinated closely with Event Organizer (EO) groups and stakeholders in high-pressure situations to ensure smooth event execution.

# Academic Projects

## WEB-BASED SYSTEM FOR FINAL PROJECT MONITORING & REPORTING

Role: Technical Coordinator

Team: 10 members.

Key Contributions:

1. System Requirement Analysis: Conducted deep analysis to define user roles (Students, Lecturers, Admins) and system workflows.
2. Project Management: Oversaw the development lifecycle during an intensive 12.5-hour bootcamp session, covering workshop, project, and presentation phases.
3. UI/UX Quality Control: Ensured the system interface was intuitive for academic reporting and monitoring purposes.

# Academic Projects

## DASTEK: MOBILE APPLICATION FOR INDEPENDENT DATA MANAGEMENT (CASE STUDY: RT 04 CIPAYUNG, EAST JAKARTA)

Role: Lead System Analyst & Documentation

Focus: Bridging the gap between community needs and digital solutions.

Key Contributions:

- 1.Requirement Discovery: Conducted field observations to understand the data management challenges faced by local residents and RT officials.
- 2.Process Mapping: Designed the workflow for independent data entry to ensure the application is user-friendly for various age groups.
- 3.Technical Reporting: Authored the complete project documentation, focusing on system efficiency and data accuracy.

# Academic Projects

## COMMUNITY SERVICE (PENGABDIAN MASYARAKAT) INDEPENDENT COMMUNITY SERVICE PROGRAM “INTERACTIVE CODING EDUCATION FOR ELEMENTARY SCHOOL STUDENTS”

Objective: To introduce basic logical thinking and digital literacy to elementary school students through interactive coding sessions.

### Key Responsibilities:

1. Educational Content Developer: Simplify complex technical concepts into visual learning materials that are easy for children to understand.
2. Mentor & Facilitator: Guiding students through logic games and basic programming blocks to foster their interest in technology.
3. Public Speaking: Presenting and demonstrating technology concepts in front of the class, ensuring high levels of engagement and understanding.
4. Results: Successfully increased digital awareness among young students and demonstrated the ability to bridge technical gaps through effective communication.

# Organizational experience

## **PUBLIC RELATIONS & ACTIVE MEMBERS (BLUE BELT)** **BINA SARANA INFORMATIKA UNIVERSITY KARATE CLUB**

Communication & Public Relations Management: Fully responsible for serving as the liaison between the Karate Club and the university administration as well as external parties. Manages the flow of information regarding club activities to ensure it is clearly communicated to all members.

Organizational Representation: Builds and maintains positive relationships with external parties to enhance the Karate Club's reputation, including coordinating sponsorship opportunities or inter-organizational collaborations.

Discipline & Mental Resilience: Consistently engages in physical and mental training amidst academic demands. Blue Belt status demonstrates long-term commitment and dedication to personal development.

Time Management & Stress Management: Successfully balances the strategic role of Public Relations with an intensive training schedule, demonstrating the ability to work in a team and remain focused under pressure.

Competitive Experience: Actively participated in karate tournaments; underwent intensive training camps (TC) in preparation for competitions, which helped strengthen my discipline and time management skills while balancing my hobbies and academic responsibilities.

2023-2026

# Skills & Expertise

## Technical Tools & Skills

- 1.Documentation: Microsoft Word & Google Docs (Proficient in drafting structured technical reports and project minutes).
- 2.Presentation & Design: Microsoft PowerPoint & Canva (Expert in data visualization and creating presentation materials for both academic and organizational purposes).
- 3.Data Processing: Microsoft Excel (Basic data processing and creating operational checklists).
- 4.Collaboration Tools: Zoom, Google Meet, & WhatsApp Group Management (Effective in coordinating remote teams).

## Professional Competencies

- 1.Project Leadership: Able to lead a team of five members to achieve project goals on time.
- 2.Technical Writing: Ability to translate IT system workflows into well-organized reports.
- 3.Public Relations: Experienced in maintaining formal communication with external parties.
- 4.Operational Excellence: Resilient and disciplined in handling intensive fieldwork.

# Certifications

## Statement of Achievement PCAP: Programming Essentials in Python

The graduate of the PCAP: Programming Essentials in Python course, administered by the undersigned instructor, and provided by Cisco Networking Academy in collaboration with OpenEDG Python Institute:

- knows the universal concepts of computer programming, including variables, data structures, algorithms, control flow, functions, and exceptions;
- can proficiently use the developer tools, the runtime environments, and the syntax and semantics of the Python language;
- can use fundamental programming techniques, best practices, customs, and vocabulary, including the most common standard library functions in Python 3;
- can write Python programs using standard language infrastructure, and knows the means by which to resolve typical programming problems;
- knows how to work with modules and packages, process text and binary files, and use generators, iterators, and closures;
- understands the fundamentals of object-oriented programming (OOP) and the way they are adopted in Python.
